

# Walk of PRIDE

2017

*It's Time for*

*Wollongong's **FIFTH** Walk of Pride!*

The Walk of Pride is about compassion, hope and pride. We would like to see the community come together and find acceptance and understanding as mental illness touches all of our lives in one way or another.

Bring your bells, drums, whistles and make some noise as we march with our banners held high!

*Show your support for those who live with mental illness and their families.*
